

# Parent Access to Online Student Systems

## CLASSROOM MANAGEMENT SYSTEMS

Many teachers are using one of the following Classroom Management Systems to organize the course files, assignments, and calendar. You can check with your child or her/his teacher to determine what system is used in each setting.

### Canvas

If your child's teacher is using Canvas, you may log in as a parent and observe. This means you see exactly what your student sees, including calendars, documents, announcements, and discussions. *This will not allow you to interact as the student.*

#### To observe a student in Canvas:

- Go to <https://edmonds15.instructure.com/> to access the parent portal. In the upper right, click on "Parent of a Canvas user?"
- You will need your **student's login name** (the beginning of her/his school email address \_\_\_\_\_@edmonds15.org) and **login password**. This will connect your student's account to your new parent account.
- Bookmark the login page for future access: <https://edmonds15.instructure.com/>

#### To add a second student:

- Log in to your parent account.
- Under **Account > Profile** you will see **Observing** at the bottom of the left side menu.
- Click on **Observing**.
- Add another student to follow (+ **Student**). You will again need this (other) student's login name and password.

#### IOS & Android Canvas Apps:

There are Canvas Apps available in the app store for student and parent devices.

Android: <https://goo.gl/fDV8Mu>

iPhone: <https://goo.gl/yGBI63>

### Google Classroom

If your child's teacher is using Google Classroom, you will need to contact the teacher and give her/him an email address, requesting to be added as the guardian of a specific student in Classroom. Once you are added, you will receive email notifications of updates, assignments, and postings in the Google Classroom. You will not have access to see the contents of the Classroom other than through the email notifications.

# STUDENT INFORMATION SYSTEMS

## Skyward

Edmonds School District uses Skyward for all student records. All teachers post grades here. You may view your student's grades directly from the Skyward website (<https://goo.gl/ouEFYp>) or app on your personal device. Skyward may be used for more than just grades. You can update contact information, pay fees & fines, add funds to a lunch account, and much more. You may also set up *automatic email notifications for grades and attendance*. To do this, log into Skyward; click in the top right corner on "My Account"; at the bottom of the page, look for "Email Notifications"; select the emails you wish to receive.

### Skyward Login:

Parents, you have your own login and password separate from your student's account. If you are not sure what it is, go to the Skyward Website and click on the link to retrieve your login information.

### Skyward App:

Parents and students are able to access the app from their mobile devices with their regular login information. Students have their own login.

Android: <https://goo.gl/itRTF9>

iPhone: <https://goo.gl/oivyvd>

# HOME FILTERING AND MONITORING FOR CHROMEBOOKS

## SecURLy Parent Portal

The district has enabled the Parent Portal for student Chromebooks. This service will send weekly reports of student Internet activity through email and allow you to view more detailed information on a website. Once you receive your first weekly report (which are typically delivered on Wednesdays), you will be able to customize your settings and enter the Parent Portal by clicking on either of the "Signup" buttons noted in the images below.

**To sign up for the SecURLy Parent Portal, follow the instructions below.**

Log in to Skyward Family Access.

On the Home Screen, there will be a box that says, “An Online Form is now available to fill out”.

Click on “Fill Out Online Form for Student”.

The screenshot shows the Skyward Family Access interface. At the top left is the Skyward logo and "Family Access Student Thinksalot". At the top right is a "Dad Think" button. Below the logo is a navigation menu with items: Home, Student/Family Information Update, Calendar, Gradebook, Attendance, Student Info, Food Service, Schedule, Discipline, Test Scores, Fee Management, and Academic. The main content area has a header "You have unread messages" with a gear icon. There are three notification boxes: 1. "Missing Email Address!" with a red exclamation mark icon, containing text about entering an email address and a checkbox "Do not record an Email Address". 2. "Student/Family Information Update is now open until 06/30/2018" with a red exclamation mark icon, containing text about the update being open and a link "Go to Student/Family Information Update for Student". 3. "An Online Form is now available to fill out" with a red exclamation mark icon, containing text about the SecURLy Parent Portal and a link "Fill out Online Form for Student". A black arrow points from the "An Online Form..." notification box to the "Fill out Online Form for Student" link. Another black arrow points from the "Academic" menu item to the left sidebar.

Read the Instructions in the box and select “Next”.

The screenshot shows the SecURLy Parent Portal registration page. At the top left is the Skyward logo and "Family Access Student Thinksalot". At the top right are links for "Dad Thinksalot", "My Account", "Contact Us", and "Exit", along with a "District Links" button. The main content area has a header "SecURLy Parent Portal" and a sub-header "Student (Brier Terrace Middle School)". Below this is a "District Message" box with instructions: "Select Next on the right to complete the SecURLy Parent Portal registration. Once you have selected Next another screen will appear that asks if you would like to complete the form - select Yes. Once you have entered the information on the form select the Complete Step 1 Only at bottom of page and then select Next Step and select Submit SecURLy Parent Portal." To the right of the message is a "District Message" box with a list: "1. Custom Form" and "2. Complete SecURLy Parent Portal". Below the list are two buttons: "Next" and "Close and Finish Later". A black arrow points from the "Next" button to the "2. Complete SecURLy Parent Portal" item in the list.

Complete the Form and select “Complete Step 1 Only” at bottom of screen and then select “Next Step” on the right of the screen.

### SecURLy Parent Portal

Student (Brier Terrace Middle School)

**Step 1. Custom Form (Required)**

Once you have entered the information on the form select the Complete Step 1 Only at bottom of page and then select Next Step and select Submit SecURLy Parent Portal.

By registering for the Parent Portal, you will receive a weekly report of your student's Internet activity on able to access a website that grants access to further monitoring and filtering options for home.
